Together as One

Delivering tailored solutions to the carbon market and support sectors across 100 countries

With businesses, governments, and organizations increasingly turning to carbon markets for sustainable solutions, the complexity of navigating these markets demands specialized legal and financial expertise. As a global law and accounting alliance in 100 countries, we are uniquely positioned to support businesses in their efforts to participate in the renewable energy sector including carbon markets, to ensure compliance, minimize risk, and maximize the financial benefits of carbon credit programs.

As businesses face increasing pressure to meet sustainability goals and address their carbon footprints, the carbon market presents both opportunities and challenges. And with the right legal and accounting expertise, you can navigate this complex market with confidence and make informed decisions that align with your environmental and financial objectives.

At AGA, our professionals offer integrated legal and accounting services designed to help businesses successfully navigate the evolving world of carbon trading, carbon credits, and emissions compliance, helping them to anticipate change, seize opportunities and move forward with confidence.

See below for a detailed overview of how we can add value to your carbon strategy.

Bookkeeping & Outsourced CFO Services

Accurate tracking for internal reporting and transparency plus outsourced CFO services for strategic financial guidance including investment planning tailored to carbon projects.

Tax Credits & Incentives

Provide expert guidance to companies on maximizing available incentives for environmental initiatives, helping to structure tax-efficient solutions that ensure full compliance with relevant regulations.

Dispute Resolution

The efficient management of disputes related to credit validity, reporting errors, or compliance failures, plays a crucial role in preserving trust and integrity within the carbon market system.

Cross-Border Tax Advisory & Optimization

Navigate global tax incentives and optimizing tax structures for carbon reduction investments and green financing, ensuring compliance and maximizing financial benefits across borders.

Risk Management & Regulatory Compliance

Help clients to navigate and comply with environmental laws, intellectual property rights, sustainability standards, licensing and emissions regulations across multiple jurisdictions, mitigating risks and ensuring regulatory compliance.

Carbon Foot Printing & Reporting

Assist clients in measuring, reporting, and verifying emissions to meet ESG goals, ensuring accurate, transparent disclosures that minimize greenwashing and whitewashing risks.

Cost Benefit Analysis

We assist clients in evaluating the financial viability of carbon credit reduction projects, helping them understand the long-term economic benefits and make informed, sustainable investment decisions.

Due Diligence

Conduct thorough due diligence for carbon transactions to ensure that carbon assets are legitimate, transferable, and properly verified, particularly in mergers and acquisitions, investment, or trading scenarios.

Contract Negotiation & Legal Support

Draft, review, and negotiate carbon credit agreements, project development contracts, and offset verification arrangements, ensuring clarity, compliance, and favorable terms for all involved.

Financial Reporting & Verification

Offer independent audit and assurance services, critical for validating carbon credits and related transactions, ensuring both financial accuracy and adherence to environmental standards.

Tax Compliance & Strategic Tax Planning

Strategic tax planning to minimize liabilities, leverage incentives, and optimize tax structures. Includes indirect tax reviews for compliance and effective management.

WE SUPPORT

As a participant of the United Nations Global Compact, Alliot Global Alliance is committed to aligning strategies and operations with ten universal principles on human rights, labour, environment, and anti-corruption, and take actions to advance broader societal goals, particularly the Sustainable Development Goals.

Our Value Proposition

- 1 We make it easier for companies to expand and operate internationally
- 2 We take on companies' compliance obligations to reduce worry and risk
- 3 We enable companies to stay focused on their core business
- 4 We scale with companies from market to market as they grow
- 5 We provide a single point of contact for complex, multi-jurisdictional companies.

Together as One - Our Service Model

Our service model, including our ONE Point of Contact approach, ensures a successful implementation and the oversight and direction of ongoing support across the world. Your Lead Engagement Partner will build a team that scales with your business growth and needs.

ONE Team

Engage one team for all of your set-up, accounting and tax compliance and legal advisory needs. Within one country, one region or across the world.

ONE Set of High Service Standards

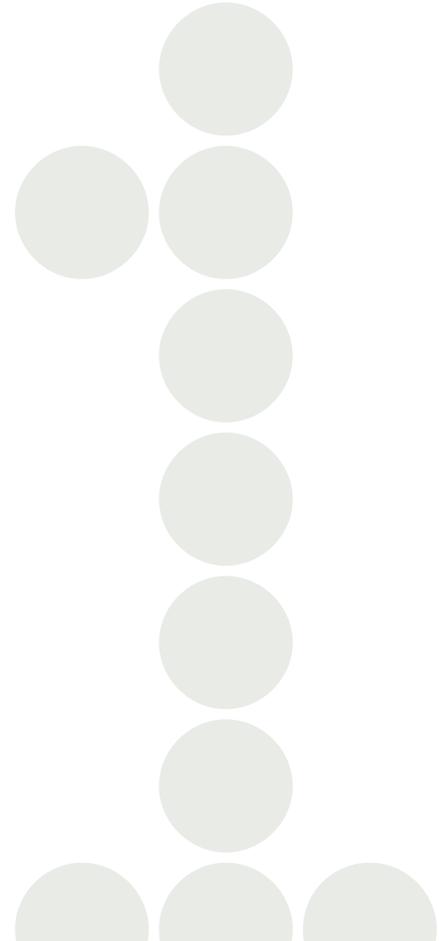

Count on team members who understand the importance of responsiveness, clear communication, transparency and technical excellence... as set out in our Service Promise Agreement.

ONE Source of Expertise

Access a fully comprehensive, à la carte range of compliance and advisory services from 'under one roof' via our global alliance.

ONE Point of Contact

Work with one Lead Engagement Partner (the 'Hub') who coordinates with Local Engagement Leads (the 'Spokes') in each jurisdiction. Advice is joined up, reporting is consolidated, and clients only need to explain anything once.

Local Expertise and International Perspective

Today's rapidly evolving global landscape demands that professional firms transcend traditional boundaries in addressing complex regulatory, legal, and commercial challenges. Within the trusted framework of our alliance, we leverage both local expertise and a coordinated international perspective to stay ahead of emerging trends and policy shifts. This strategic approach not only minimizes risk but also uncovers transformative opportunities in a market where innovation meets sustainability.

Kenneth Muhangi,
KTA Advocates, Uganda,
Chair of the Carbon Markets
Association in Uganda

We adopt a strategic approach to carbon market projects and environmental compliance, providing clients with risk analysis, and expert climate change consulting to help them navigate complex regulations.

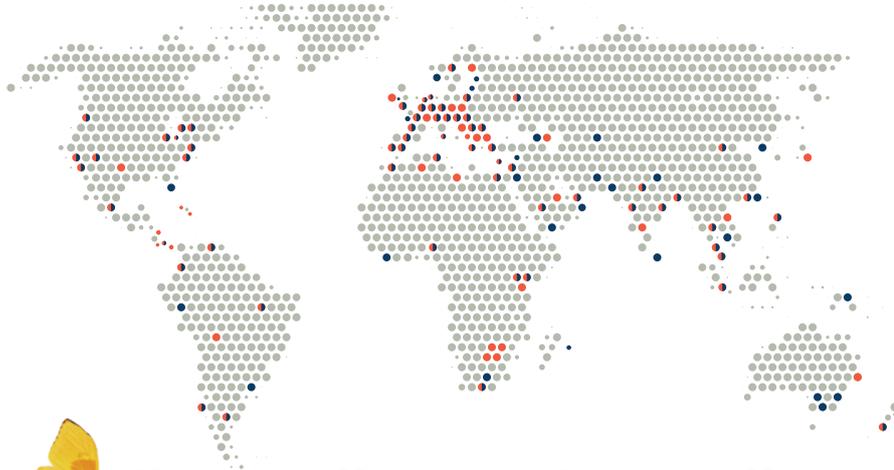

Due diligence of the area where the carbon project is being developed is essential to help anticipate environmental, legal and land-use risks that may impact the integrity or feasibility of the project.
